OVERVIEW

With over twenty years of activity, Chemkraft Chemical Production Company stands as a beacon of excellence in the global chemical industry, epitomizing a commitment to quality, innovation, and sustainability. With a strategic presence across key regions, including Turkey, Iran, and Georgia, and a central headquarters in Germany, we operate as a cohesive unit dedicated to meeting the diverse needs of our clients worldwide.

At the heart of our operations lies a relentless pursuit of perfection, exemplified by our state-of-the-art facilities and cutting-edge technologies. Our Iran plant stands as a testament to precision and purity, producing caustic soda flakes of unparalleled quality. With a guaranteed purity level of 99% and a deviation of only +/-0.5%, our caustic soda flakes set the industry standard, earning us the trust and admiration of customers across the globe.

Meanwhile, our Turkey plant serves as a hub of innovation, specializing in the production of paper and cellulose specialty resins and chemicals. Here, our team of experts works tirelessly to develop tailor-made solutions that address the unique challenges faced by our clients in the paper and cellulose industry. From enhancing product performance to optimizing manufacturing processes, we are dedicated to driving value and success for our partners.

Beyond our core operations, Chemkraft boasts a robust international footprint, exporting our high-quality products to a wide range of markets worldwide. From neighboring countries to GCC states, North African nations, and South American countries, our products find their way into the hands of customers who demand nothing but the best. Through strategic partnerships and a relentless focus on customer satisfaction, we have established ourselves as a trusted supplier and partner in the global marketplace.

Furthermore, our exclusive partnerships with suppliers of Turkish olivine sand and Chinese fluorine compounds further reinforce our position as a leading player in the industry. By providing unparalleled access to these essential materials, we empower our clients with the tools they need to succeed in their respective markets.

In essence, Chemkraft Chemical Production Company represents a beacon of excellence, integrity, and sustainability in the chemical industry. With a vision to lead and a mission to innovate, we invite you to join us on our journey towards a brighter, more sustainable future.

VISION:

LEADING THE GLOBAL CHEMICAL INDUSTRY INTO A SUSTAINABLE FUTURE

At Chemkraft Chemical Production Company, our vision transcends geographical boundaries, encompassing a commitment to lead the global chemical industry towards a more sustainable and prosperous future. We envision a world where innovation, integrity, and environmental stewardship converge to drive positive change and create lasting value for all stakeholders. With a focus on excellence and continuous improvement, we strive to be at the forefront of industry advancements, setting new benchmarks for quality, efficiency, and sustainability. Through strategic partnerships, collaborative initiatives, and a relentless pursuit of excellence, we aim to shape a brighter tomorrow for generations to come, empowering communities, fostering economic growth, and preserving our planet for future prosperity.

MISSION:

EMPOWERING GLOBAL TRADE THROUGH EXCELLENCE

Our mission at Chemkraft Chemical Production Company is to empower global trade through a relentless commitment to excellence, innovation, and customer satisfaction. As a leading player in the chemical industry, we recognize the pivotal role that international trade plays in driving economic growth, fostering cooperation, and promoting cultural exchange on a global scale. With this in mind, we are dedicated to delivering high-quality products and services that exceed customer expectations, while also adhering to the highest standards of integrity, sustainability, and social responsibility. Through our unwavering commitment to excellence and innovation, we aim to forge strong and enduring partnerships with customers and stakeholders around the world, facilitating the flow of goods, ideas, and opportunities across borders. By embracing the challenges and opportunities of international trade, we strive to create value for our customers, our partners, and society as a whole, while also contributing to the sustainable development and prosperity of nations worldwide.

Vision
Mission

KEY OPERATIONS:

At Chemkraft Chemical Production Company, our key operations serve as the bedrock of our success, each facility meticulously designed and optimized to meet the diverse needs of our global clientele.

Iran Plant: Our Iran facility stands as a testament to precision and purity in chemical manufacturing. Here, we specialize in the production of premium caustic soda flakes, renowned for their exceptional quality and unmatched purity. With a guaranteed purity level of 99%, our caustic soda flakes boast a remarkable consistency with a deviation of only +/-0.5%. This unparalleled level of purity not only exceeds industry standards but also instills confidence in our customers, reaffirming our position as a trusted supplier in the global chemical market. Through stringent quality control measures and state-of-the-art production techniques, we ensure that each batch of caustic soda flakes meets the highest specifications, delivering superior performance and reliability to our clients worldwide.

Turkey Plant: Our Turkey facility serves as a hub of innovation and versatility, producing a diverse range of chemical solutions tailored to meet the evolving needs of our global clientele. In addition to specializing in the production of paper and cellulose specialty resins and chemicals, we are proud to manufacture high-quality corrosion inhibitors. These inhibitors play a crucial role in protecting metal surfaces from degradation, ensuring the longevity and reliability of various industrial processes and infrastructure. Leveraging advanced technology and industry expertise, our dedicated team is committed to delivering innovative solutions that enhance performance, promote sustainability, and drive value for our customers worldwide. With a focus on quality, reliability, and environmental responsibility, Chemkraft Chemical Production Company continues to redefine industry standards and inspire progress in the global chemical market.

EXCLUSIVE PARTNERSHIPS:

UNLOCKING STRATEGIC SYNERGIES FOR UNRIVALED SOLUTIONS

At Chemkraft Chemical Production Company, our exclusive partnerships represent the cornerstone of our commitment to delivering unparalleled value and innovation to our customers. As the sole representative of Turkish olivine sand and Chinese fluorine compounds, we have forged strategic alliances with leading suppliers renowned for their quality and reliability. These exclusive partnerships grant us unique access to essential materials that are instrumental in various industrial applications, from metallurgy to electronics and beyond.

With Turkish olivine sand, renowned for its exceptional purity and stability, we offer a reliable source of this critical raw material to industries ranging from refractories to foundries. Our partnership with Chinese fluorine compound suppliers provides us with access to a wide range of high-quality fluorine compounds, enabling us to cater to diverse applications in sectors such as pharmaceuticals, agrochemicals, and electronics.

These exclusive partnerships not only differentiate Chemkraft in the marketplace but also empower us to deliver tailor-made solutions that meet the specific needs and challenges of our customers. By leveraging our expertise and resources in conjunction with the expertise of our partners, we can offer innovative products and services that drive efficiency, performance, and sustainability across industries.

Furthermore, these partnerships underscore our commitment to fostering global cooperation and collaboration in the chemical industry. Through mutually beneficial relationships built on trust, integrity, and shared goals, we strengthen our position as a reliable partner and supplier in the global marketplace.

At Chemkraft, our exclusive partnerships are more than just business arrangements; they are strategic alliances that unlock synergies, drive innovation, and create lasting value for our customers and stakeholders. Together, we are shaping the future of the chemical industry, one partnership at a time.

QUALITY PRECISION:

UNVEILING EXCELLENCE THROUGH ADVANCED LABORATORIES

At Chemkraft Chemical Production Company, our unwavering commitment to quality begins at the molecular level. Within our cutting-edge laboratories, a team of dedicated experts harnesses the latest technologies and methodologies to meticulously analyze and scrutinize every aspect of our production process. From raw materials to finished products, each batch undergoes rigorous testing to ensure adherence to the highest standards of purity, potency, and performance. Our laboratories serve as the cornerstone of our quality control framework, providing invaluable insights and data-driven solutions that drive continuous improvement and innovation across our operations. With precision as our guiding principle, we leave no stone unturned in our quest for perfection, setting new benchmarks for excellence in the chemical industry and beyond.

GLOBAL REACH: PIONEERING MARKETS, BUILDING BRIDGES

At Chemkraft Chemical Production Company, our commitment to excellence extends far beyond borders. Our extensive export network spans across diverse regions, from the neighboring countries of our facilities in Turkey, Iran, and Georgia, to the dynamic markets of the GCC states, the vibrant economies of North Africa, and the emerging landscapes of South America. These export markets are not just destinations; they are gateways to opportunity, avenues through which we showcase the unparalleled quality of our products and forge lasting partnerships with customers around the world. Our dedication to exports isn't merely about expanding our reach; it's about building bridges, fostering collaboration, and driving progress on a global scale. With every shipment, we reaffirm our belief in the transformative power of trade, enriching industries, empowering communities, and shaping a brighter future for generations to come.

VALUES:

GUIDING PRINCIPLES OF INTEGRITY, EXCELLENCE, AND SUSTAINABILITY

At Chemkraft Chemical Production Company, our values serve as the compass that guides our actions and decisions every day. Integrity lies at the core of everything we do, underpinning our commitment to honesty, transparency, and ethical conduct in all aspects of our business. We uphold the highest standards of excellence, striving for continuous improvement and innovation in our products, processes, and services. Sustainability is ingrained in our DNA, driving us to minimize our environmental footprint, promote responsible resource management, and support the communities in which we operate. We value teamwork and collaboration, recognizing that our collective efforts are essential to achieving our goals and delivering value to our customers and stakeholders. With these values as our guiding principles, we are dedicated to making a positive impact on society, fostering long-term relationships built on trust, respect, and mutual benefit.
